# AMENDMENT TO CONTRACTOR'S EQUIPMENT AND HAULING AGREEMENT

## TIRE LIABILITY LIMITER PROGRAM

As an independent contractor of Carrier, Contractor is responsible for all operating expenses associated with the services Contractor provides to Carrier. In an effort to limit those financial responsibilities to the extent they apply to repairs and/or replacement associated with damaged, lost, destroyed, or stolen trailer tires, Contractor agrees to participate in Carrier's Tire Liability Limiter Program ("Program"). By participating in the Program, Contractor authorizes Carrier to deduct from all settlements twenty (\$27.50) dollars per week which is subject to increase or decrease upon 30 days advance written notice by Carrier, beginning the first week of services provided by Contractor under this Agreement. Contractor acknowledges that participation in the program limits Contractor's financial responsibility for claims associated with repair and/or replacement to trailer tires to the first fifty dollars of each claim (\$50.00). To the extent the costs and expenses associated with a claim exceed fifty dollars (\$50.00), Contractor's participation in the Program relieves him/her of the responsibility to pay the excess sums.

The Tire Liability Limiter Program shall be held by Carrier and Contractor hereby agrees Carrier has access to such funds to apply to the costs of all necessary repairs to and/or replacements of trailer and/or chassis tires that are damaged, destroyed or stolen while in Contractor's and/or Contractor's driver's custody, possession and/or control.

Contractor shall not be considered enrolled in the program until (1) Carrier receives a signed and completed form from Contractor and (2) Carrier is able to deduct twenty (\$20) dollars from Contractor's settlement. For purposes of this Amendment, credits against future settlements of Contractor shall not count as deductions.

Carrier reserves the right to dismiss Contractor from the Program.
